Small

Segoe UI Regular/ 10 px / Leading is 27 px

By volunteering at the Wildlife SOS Rescue Facilities, you will make a major contribution to the welfare of bears and elephants in India. The majority of the programme fees will go directly to the Centre thus providing a critical source of funding for future work. Working with the local community and the inspiring people who run Wildlife SOS is an opportunity of a lifetime!

Wildlife SOS was established
in 1995 by a small group
